Fraser Fir Trees

TF1

Grown in the beautiful Blue Ridge Mountains of North Carolina and Virginia, the Fraser Fir Christmas tree has become the customer favorite. Dark green, soft, dense foliage with a citrus-like aroma, excellent needle retention, and strong branches make it the focal point in any area. This tree will make a wonderful foundation to build your Christmas traditions upon.

Available in sizes ranging from 3' to 14' and in tabletop variety with stands.

UPC, QRC, and private label tagging available.

Additional Information

Species	Fraser Fir
